Thank you all for the investment of time, intellect and heart toward building community collaboration in police reform. You are appreciated!

From Charter Section § 115-5 Community Police Commission

Voter findings. The voters of the City of Cleveland find, based on continuing, serial instances of police misconduct, that there is a need to significantly strengthen civilian oversight of the police force, and to hold the police force more accountable; strengthen the police reform initiated by, but grossly insufficient in, the Consent Decree in *United States of America v. City of Cleveland*, U.S. District Court for the Northern District of Ohio Case No. 1:15-cv-2046; institutionalize cultural change within the Division of Police; and reform the arbitration process by which unelected arbitrators who do not reflect the values, concerns, or diversity of the community - and who themselves often do not live in the community and therefore do not personally bear the burden of any problematic police practices - routinely undermine police accountability by reducing or reversing disciplinary decisions.
